

## ELAM News to Know

### Honoring Our Founders: A Tribute to Page S. Morahan

One very special event during the ELUM professional development program in January was a gathering of nearly 100 ELUMs to celebrate all that Page Morahan has done for the ELAM program and the ELAM community at large. Patricia Cormier (ELAM Co-Founder) presented for us the story of how Page founded the program; Lois Nora (ELAM '97), Sally Shumaker (ELAM '98), Roberta Sonnino (ELAM '98), Laura Schweitzer (ELAM '99), and Rosalyn Richman (Special Assistant to the Director of ELAM) described how Page has advanced and supported women leaders with her personal attention, and how her commitment to the cause of advancing and supporting women leaders in higher education has made a difference through her scholarship and advocacy.

Thank you Page for your years of service and commitment to the cause of advancing and supporting women leaders in academic medicine.
